the essence of chiropractic internationally.**

In Memory

As many of you know, the memorial service for Dr. Lewis Peretta was held yesterday in St. Louis, Missouri. For several decades Louie has been an active advocate, practitioner, supporter and member of the SOT® community. He will be missed by all. Following is the eulogy presented on behalf of our chiropractic family.

“In honor of Louie Peretta on behalf of myself and the entire membership of The Sacro Occipital Research Society International.

I have personally known Louie Peretta since he began Logan College. Much of the membership of the SORSI have known him for almost as long.

Louie was dedicated in many ways to the things important in his life. At the top of that list was family. To all of us, as to you, Louie was most importantly, family. For all of us there is now a permanent hole in the family. We will fill it, as best we can, with gratitude, memories and prayers.

Since I speak in honor of Louie Peretta, I really should have a whole lot more words to say. That would be Louie’s way. But I am truly at a loss for words. We miss you brother. We pray for your family. We ask that you pray for us from your new and improved perspective.”

(Joseph F Unger Jr DC
President – SORSI
11-11-2017)

The SORSI family had a star named in the memory of Louie through the International Star Registry.

As you may recall, Christine Esposito passed away earlier this year and the SORSI family also arranged for star dedicated in her name.

Additionally, Mr. Roger Binyon transitioned early this year.

While their bodies have transcended, our memories and our hearts hold the gifts of their presence while they were here..... their ongoing **Presents** to us.

The essence of SOT® Philosophy, Art and Science and “The Major” live on through SORSI and our world-class instructors. Be all that you can be. You and your patients deserve it.
